GENERAL INFORMATION ON SPONSORED RESEARCH PROJECTS & CONSULTANCY JOBS

The university encourages its faculty members to undertake sponsored research projects and consultancy, without undermining the fundamental responsibilities towards the University for which they are employed. The entire expenditure for the operation of the project is required to be met by the sponsoring agency, governmental or non-governmental. The responsibility for operation of the project lies with Principal Investigator (PI) / Consultant In-Charge (CI). The IRD (Estt.), IRD (A/C) and Central Stores & Purchase Section shall provide the PI or CO-PI the necessary administrative support.

1. SPONSORED RESEARCH PROJECT PROPOSALS

The Project proposals could be:

- i. Sponsored research projects funded by govt. supported funding agencies such as DST/DBT/CSIR/UGC/ISRO etc. / non-government bodies/agencies/organizations, which shall be governed by the rules and regulations of the concerned agency and the University.*
- ii. Consultancy projects funded by governmental; or non-governmental bodies; external agencies/ corporate sector and governed by the rules of the University.*

1.1 Preparation of the Proposal

- The project proposal should be formulated according to the format prescribed by the concerned Funding Agency. The format is available at the respective website of each Funding Agency (The names of major funding agencies and their web address may be seen at Annexure–A).
- While making an estimate of the funds required for a project, the following budget heads should be taken into account:
 - a) Salary of Project Staff (with designations)
 - b) Equipments
 - c) Consumables
 - d) Travel (specify if there is need for international travel)
 - e) Contingency
 - f) Administrative Overheads permissible at the uppermost limit by the funding agency or as decided by the University in case of sponsored projects by non-government bodies.
- All the projects should be forwarded by respective Directors of the School to concerned Dean who should then forward the same to the Registrar to obtain the approval of the Hon'ble Vice Chancellor. The Project would not be delayed by more than 7 days from the date of submission of the same by the Principal Investigator.
- The proposal duly recommended by Director of concerned School & Dean of College should be sent to the Registrar along with the following documents :
 - a) A copy of the project proposal;
 - b) A copy of URC recommendations on the project.
 - c) Research and Development Form No. R&D/01 (Annexure–B) duly filled in all respects;
 - d) Summary of proposed Research Project Proposal about in 250 words and about 8-10 key words relevant to the project proposal. (This information is also to be sent by e-mail at regsitrar@smvdu.ac.in).

- Registrar will examine the proposal and process the same to obtain the approval of the Competent Authority. The competent authority for approving the proposal for submission to respective funding agencies is Vice Chancellor;
- After obtaining the approval of the Competent Authority, Registrar will hand over a forwarding letter and the copy of the project proposal to the P.I. for submission to the funding agency;
- The project proposals shall be photocopied by the Principal Investigator from either his/her School/ College or from the Library at subsidized rates for which an instruction to the Library would be issued from the Registrar. Administration would provide the Principal Investigator with a Forwarding/Covering letter after which PI would post the project to the funding agency either on his/her own expense or from their projects;
- Principal Investigators will have to sign an undertaking mentioning that the project will not hamper their official work and that they will not require any extra support (vehicle, extra space etc) from the University. The two undertakings, one for project proposals and the other for sponsored research and consultancy, would differ in their content and designed appropriately;
- Principal Investigator would not allow exploitation of the available infrastructure of the University as well as his/her own potential when it comes to undertaking of sponsored research and consultancy, as this will lead to the exploitation of the University itself in the long run;
- Overhead charges for projects funded by the government agencies would range from 0 - 15%. The same was decided to be raised from 35% to 37% in case of sponsored research and consultancy proposals supported by non-government agencies. However, a case to case assessment could be carried out by the University in exceptional situations. A fixed % of Overheads [50-50 to begin with] so charged; shall be used for School / Faculty / Lab Development.

1.2 OPERATION OF THE PROJECT

On receipt of sanction letter from the sponsoring agency, the Registrar will obtain approval of the Competent Authority for its operation and will notify its operation along with details such as, project code No., Title, Names of PI/Co-PIs, Project Staff with designations, Tenure of the project, Budget breakup etc.

1.3 SUBMISSION OF PROGRESS REPORT

The responsibility for the operation of project lies with the Principal Investigator (PI). It is his/her responsibility to prepare/submit regular progress reports, Utilization Certificate etc. required by the funding agency through Registrar. The PI is required to submit progress report of the project to funding agency at specified intervals.

1.4 AUDITING OF FUNDS / ISSUE OF UTILISATION CERTIFICATE

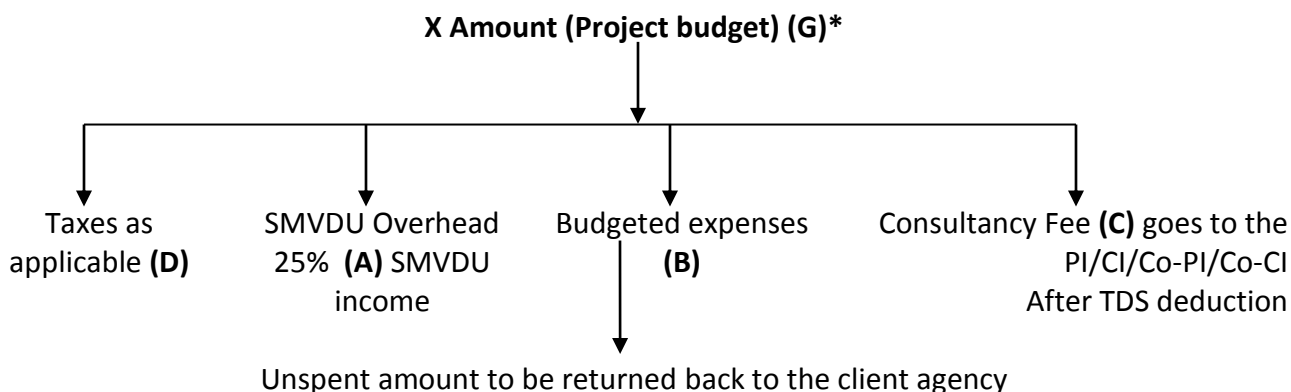

The Finance Officer will get the accounts of all the sponsored research projects audited every financial year by the external audit party and send the audited Statement of Accounts / Utilization Certificate (UC) to the Registrar for onward submission to the sponsoring organization with a copy to the P.I. Any extra or under accounting for expenditure under specified heads; and timely submission of reports with Utilization Certificates, would be the responsibility of the PI/Co-PI.

1.5 PROJECT COMPLETION REPORT

The Principal Investigator is responsible for submitting the final report of the work done on the sponsored research project within one month of the completion along with the Statement of Receipt & Payment. Copies of the Report will be submitted by the PI directly to the sponsoring organization with a copy to Registrar for record.

2. CONSULTANCY JOB PROPOSALS

The Consultancy proposal should be submitted on the prescribed **Form No. R&D/02 (Annexure–C)** after going through the standard terms and conditions contained therein

Note: A, B, C and D are reference to the form No R&D/02, (Annexure C) of rules governing sponsored research and consultancy norms.

3. RECRUITMENT OF STAFF UNDER SPONSORED PROJECTS/CONSULTANCY JOBS

The staff can be appointed as detailed below:

3.1 Regular Selection (through Advertisement for the Duration of the Project) Since SMVDU is an “equal opportunity employer”, this procedure is followed for appointment of staff for all projects. The advertisement for the posts is done by one of the following ways:

- i. by sending the advertisement to at least 20 various Institutions / organizations within the country, or
- ii. by publishing the advertisement in a national newspaper and putting it on the website.

For advertisement, PI/CI is required to provide the details of qualifications along with desired experience and the nature of the job for a particular post. to the Registrar for forwarding the same for advertisement after taking approval from the Competent Authority. Any additional qualification requirement proposed by the PI/CI will be put as desirable/preferable in the advertisement.

The process of this type of selection would takes about 6-8 weeks. The selected candidate is expected to work for the duration of the project. However, the offer letter is issued for a year and renewed on yearly basis on the recommendation of the PI/CI.

The selection of the candidates would be effected by Standing Selection Committees constituted for this purpose.

3.2 Adhoc Selection

This selection is like walk-in-interview and is for a maximum period of six months. It is advertised internally (within university or local dailies).

Further,

- i. the PI/CI has to ensure that there is a gap of at least five working days between the issue of advertisement and the date of interview.
- ii. the PI/CI is required to provide the details of qualifications along with desired experience and the nature of the job for a particular post. However, Registrar will advertise the posts with approved qualifications & experience. Any additional qualification requirement proposed by the PI/CI will be put as desirable/preferable in the advertisement.

The selection of the candidates is effected by Standing Selection Committees constituted for this purpose.

3.3 Hiring of staff on contract basis

The PI/CI may hire the services of persons on contract basis against vacant posts for a specific work pertaining to the project up to a maximum period of three months.

3.4 Selection Committees

The composition of selection committees * for different categories of posts should be as follows:
